The smile is the best tonic for our mind and body. It takes thirteen muscles to smile, but forty-three to be angry. To be cheerful, we have to create positive thoughts. On the other hand, if we constantly think about negative things, we feel unhappy. So the best way to avoid a negative idea is to replace it with a positive one. When we are relaxed and in bed, we should practise putting some cheerful thoughts.

Questions :

- What is the best tonic for our mind and body ?
- What should we practise when we are relaxed in bed ?
- What should we do to be cheerful ?
- What happens when we constantly think about negative things ?

The character of good men is like that of trees. They live for others and do not lose their qualities even in losing their lives. They always follow the right path. Praise is immaterial to them. To live for one's own sake is to lead the life of beasts. Only those who lay down their lives for others will live forever in a world of bliss.
